City of Santa Barbara

COMMUNITY HAZARDOUS WASTE COLLECTION CENTER

The Community Hazardous Waste Collection Center is a joint project of the Santa Barbara County Public Works Department, the Cities of Santa Barbara and Goleta, and UC Santa Barbara. The Collection Center, located on the UCSB campus, is available to south Santa Barbara County residents and businesses for disposal of small quantities of hazardous waste.

BUSINESS ELIGIBILITY

State and federal hazardous waste laws limit the use of this type of hazardous waste collection program to businesses that qualify as *Conditionally Exempt Small Quantity Generators (CESQG's)*. To qualify as a CESQG a business must not produce more than 100 kilograms (27 gallons or 220 pounds) of hazardous waste per month, including a maximum of 1 kilogram (1 quart or 2.2 pounds) of acutely hazardous waste. Businesses that generate more than this amount are required to use a licensed hazardous waste hauler to manifest and transport their waste.

To be eligible to use the Community Hazardous Waste Collection Center, businesses must be from Santa Barbara County (Lompoc businesses are not eligible as the City offers a CESQG program) and must qualify as a CESQG. Businesses will be required to sign a waiver stating that they are a CESQG.

QUANTITY LIMITATIONS

A maximum of 27 gallons or 220 pounds of hazardous waste will be accepted at the Collection Center per business per month. Historical accumulations may require the use of a private hazardous waste disposal firm.

BUSINESS APPOINTMENTS

Businesses and all non-households (including churches, schools, agencies, property management firms, and non-profit groups) must make an appointment to use the Collection Center. Appointments are scheduled for Fridays between 9:00 am and 3:00 pm. To make an appointment call the County of Santa Barbara Public Works Department at 882-3602, Monday through Friday. Businesses and other non-households may **NOT** use the Collection Center on the weekend household collection days.

TRANSPORTING & LABELING WASTE

Caution should be taken when transporting hazardous waste to the Collection Center. If possible, use the original product container or label the container if contents are different than listed. Cover all containers with a secure fitting lid and pack containers upright in a leak-proof box. You may be asked to provide a detailed inventory if you have complex chemicals or laboratory waste. State transportation laws limit the amount of hazardous waste that may be transported by businesses to 27 gallons or 220 pounds.

DISPOSAL FEES

Businesses will be charged a \$22.00 user fee (processing/administration costs) plus a disposal fee based on the types and quantities of waste (see price list). Non-profit organizations (501C.3) receive a 25% discount and the user fee is waived. Quotes are available by calling the County of Santa Barbara Public Works Department at 882-3602.

Businesses located in the Santa Maria/Orcutt area and in the Carpinteria city limits will be charged an additional 30% to cover facility costs.

BUSINESS DISPOSAL RATES

(effective July 2005)*

User Fee (Processing/Admin.)	\$ 22.00
<u>Automotive/Machine Shop:</u>	
Anti-freeze	\$ 2.20/gal.
Motor Oil/Hydraulic Oil	0.27/gal.
Motor Oil w/ Water	2.75/gal.
Oil Filters	0.12/filter
Water-Based Cutting Oil	4.40/gal.

Batteries:

Alkaline/Lead-Acid/Silver Oxide	\$ 1.35/lb.
Automotive/Nickel-Cadmium	0.00/each
Lithium	5.50/lb.

Bulked Items (based on net liquid):

Latex Paint	\$ 5.50/gal.
Oil-based Paint	5.50/gal.
Oil-based Paint w/Thinner	5.50/gal.
Photographic Fixer/Developer	5.50/gal.
Solvent/Fuels	5.50/gal.

Chemicals (based on gross weight):

Liquids/Solids (Overpack)	\$ 2.75/lb.
Liquids/Solids (Labpack)	3.85/lb.
Mercury (Elemental)	12.50/lb.
Mercury (Manufactured Articles)	33.00/lb.
Mercury (Compounds)	3.85/lb.
Non-RCRA Landfill	1.65/lb.
Paint Quarts/Pints	1.10/lb.
PCB Ballasts	5.00/lb.
Reactives (Labpack/Treatment)	7.70/lb.

Miscellaneous:

Aerosols	\$ 2.75/lb.
Asbestos (Friable)	2.20/lb.
Asbestos Rooftar	1.65/lb.
Contaminated Soil	1.65/lb.
Drums (55 gal. Steel or Poly)	16.50/drum
Flourescent Bulbs	0.22/ft.
Propane Cylinders	5.50/lb.

Testing:

Chlor-D-tect/PCB test	\$ 11.00/test
HazCat test	25.00/test

A \$60.00/hr. labor rate will be applied when additional handling is required (e.g., excessive cleanup, bulking or decanting, special handling).

* Rates subject to change without notice.
